Key words:
Marking

Question:

S1	~~**S1+P**~~	~~**S2**~~	~~**S3**~~

We have been asked to allow marking using a single label with several possibilities of marking. The operator would cross with a pen or a permanent marker what is not needed and would leave the selected marking category.

Solution:

S1	■	■	■

Only positive marking is allowed. The standard permits only certain marking. Therefore the table above is possible, provided the permanence is demonstrated.
