

Frequently asked questions

Where do I find a notified body that is capable of carrying out EC type examination procedures for my product?

The official list of notified bodies and the product fields they cover can be found in the Nando database on the website of the European Commission.

http://ec.europa.eu/enterprise/newapproach/nando/index.cfm?fuseaction=directive.notifiedbody&dir_id=6

The content of the database is kept up-to-date by the Member States.

If the product does not fit the criteria applied to the Nando database, it will be necessary to approach notified bodies directly.
