	Module C2		
Key words: Product checks, time interval, random			
Question: What does "random" mean in module C2, 4.2?			
Solution: For on-site assessments and sampling, the interval between visits to be varied, and for remote sampling selection without the manufacturer's advance knowledge, where possible. Where samples are to be selected from distributors, warehouses etc. it will be necessary to arrange visits directly with the people concerned.
