Number of pages: 1	Date: November 2007	Approval by : _____ Approved on : _____
Origin : VG 8		<input checked="" type="checkbox"/> Vertical Group <input checked="" type="checkbox"/> Horizontal Committee <input type="checkbox"/> Standing Committee .November.2007..... 23.10.2012..... .....
Question related to: Directive 89/686/EEC	EN: ISO 12402-9:2006 and ISO 12402-9:2006+A1:2011 ----- Clause: 5.6.1.4 In Water Weight	Other: _____
Key words: In Water Weight		
Question:  The requirement to measure 'In water weight' is listed in ISO 12402-9:2007+A1:2011, Clause 5.6.1.4. This has no bearing of the selection of test subjects in accordance with ISO 12402-9:2007+A1:2011 as this is determined by height and weight requirements (and chest size where appropriate) are used as criteria for selecting test subjects. Should the in water weight requirement be a mandatory requirement for selecting test subjects?		
Recommendation.  No. VG8 propose that clause 5.6.1.4 is an optional tool to be used for testing and is not a mandatory requirement. It should be retained as an "Informative Annex" only.		
Sent for information to: <input checked="" type="checkbox"/> members of the VG <input type="checkbox"/> other(s) VG <input checked="" type="checkbox"/> HC (2) <input type="checkbox"/> TC (3) <input type="checkbox"/> SC (4) <input type="checkbox"/> other (5) (3): _____ (5): _____		

(1) Essential safety requirement  
 (2) HC = horizontal committee

(3) N° of CEN/TC (Secretary & Chairman)
