Annex: Article:	Clause:		
Key words: Gaiter			
Question: Which are the general requirements to certify gaiters?			
Solution: The gaiter shall be tested according to the test methods that would be used to test the footwear against the same risk.  The technical file shall take into account the essential requirement of the directive 89/686/EEC (e.g. sizing, innocuousness....). Without this 2 assessments certification is impossible. The CE type examination certificate is given on the basis of the Directive.
