Question related to: Directive 89/686/EEC	EN/prEN: 20345 / 20344	Other: _____	
Annex:	Article:	Clause: _____	
Key words: Half length insole			
Question: We have been asked for the certification of certain models having an insole which extends forwards only as far as the flexing area where it is sewn to the lining-sock. We, at INESCOP, have rejected such a construction as we consider that there should not be a half length insole, but a whole length one.			
Solution: EN ISO 20345-7 accepts footwear without insole. If the insole is not complete, the footwear shall fulfil the requirement of table 3 in EN 20345 line 1
