Annex:	Article:	Clause:

Key words:

Question:

A manufacturer wants to use a gel caps in the composite outsoles of footwears.

1. Is it possible to certify this model to EN ISO 20345 S1 and S2 ?
2. Is it possible to certify this model to EN ISO 20345 S3 (with penetration resistance)

Solution:

1. Yes
2. No – It does not comply with EN ISO 20345 regarding number & size of holes in the penetration resistant insert.
