Question related to: External equipment fixed to the shoe	EN ISO 20344/5/6/7	Other:
Annex:	Article:	Clause:

Key words: External equipment

Question:  
What is the fact, if a external equipment e.g. a small bag with a measuring device is attached to a shoe.  
Is the Certificate still valid without a change if the equipment is detachable.  
Or if extension of certificate necessary

Solution:  
In this situation it was agreed to be acceptable to extend the certification provided that any testing that may have been affected by the addition of the measuring device (such as ergonomics) is repeated
