Question related to	<input checked="" type="checkbox"/> PPE Regulation	<input type="checkbox"/> EN/prEN:	<input type="checkbox"/> Other:
Article:	Annex: III, k	Clause:	
Key words: user information, conformity assessment			
Question: Notified bodies that carry out certification procedures for foreign manufacturers have to decide what language version of the user information will be checked in the framework of conformity assessment.			
Solution: The notified body can choose which languages it does accept for testing. Any translation is the responsibility of the manufacturer / authorised representative. It would be useful, however, to note in the test report which language version was checked.
