Article:	Annex: V, VII, VIII	Clause:	
Key words: Modules C2 and D, non-conform product, unsafe design			
Question: What procedure should be followed during module C2 / D examinations in the event of a non-conforming product where the non-conformity is related to the design of that product?			
Solution: In the event of a non-conforming product where the non-conformity is related to the design of the product, the notified body doing the examination according to modules C2 or D has to inform the notified body who issued the corresponding EU type-examination certificate about this non-conformity.
