Question related to :	EN/prEN : EN 166, 167, 168	Other :	
Annex :	Article :	Clause : All	
Key words : paint ball			
Question : What are the test to carry out on the painting ball eye protectors ?			
Solution : A painting ball protectors can be assimilate to a face shield. The tests to carry out are the ones which are defined in EN 166 - EN 167 - EN 168 for this type of eye protectors and for resistance to high speed particles specification (medium energy - 120 m/s). Verifying impact test could be also perform, using the painting ball gun and painting balls at a very short distance of the face shield.
